

Service Providers for Recycling Fats, Oils and Grease In Lake County

The Lake County Sanitation District does not accept waste products with oils or grease into the sanitary sewer system or any of the wastewater treatment facilities. Grease haulers and rendering companies process animal by-products into saleable commodities. Cooking (yellow) grease and interceptor (brown) grease are collected from restaurants for reprocessing. Costs and types of materials accepted by haulers vary from company to company.

The list of registered grease haulers based in Lake County are as follows:

Action Sanitary, Inc.
P.O. Box 492
Lower Lake, CA 95457
(707) 994-5068
